# RGB COOLING STAND

## INSTRUCTIONS

### Product Overview

Keep your Nintendo Switch 2 Console running cool with the Powerwave RGB Cooling Stand. Powered directly from your console dock, the adjustable speed fans provide optimum airflow to maintain system performance. Providing additional functionality, the Cooling Stand features conveniently placed front-facing USB-A and USB-C charging ports.

### Layout

### Operating Instructions

- Place your RGB Cooling Stand on a flat surface.
- Place your Nintendo Switch 2 Dock on the Cooling Stand.
- Insert the USB-A Cable into the USB-A port on the back of your dock.
- Ensure your dock is connected to a power source and press the power button to turn your RGB Dock on.

# RGB COOLING STAND
