XBOX DUAL CHARGING STAND

INSTRUCTIONS

The Powerwave Xbox Dual Charging Stand is your one charging solution for all* Xbox One and Xbox Series X|S controllers. Charge your controllers in between gaming sessions with this convenient USB powered stand which can be plugged into any available USB-A port on your console. The Powerwave Xbox Dual Charging Stand comes with 2 choices of battery covers for use with Xbox One or Xbox Series X|S controllers.

HOW TO USE:

1. Plug in the supplied USB cable into a USB port or compatible power adapter.

2. Remove the battery cover on your Xbox controller and insert the supplied 1200mAh batteries.
3. Select the correct battery covers to match your controller and clip these on.
4. To charge the battery, line up the back of the controller with the charging slot and sit the controller on the dock.
5. When charging the LED lights will glow red. When charging is complete the LED will turn green.

TECHNICAL SPECIFICATIONS:

- Input voltage: 5V
- Battery capacity: 1200mAh
- Output voltage: 3V±5%
